

To our Members:

As Pennsylvania moves towards reopening, Lesco Federal Credit Union would like to welcome you back in to our lobby on Tuesday, June 9, but with added precautions. Our plan to reopen the lobby will comply with state mandates and is structured to keep our members, employees, and community healthy and safe.

In accordance with CDC and PA Department of Health guidelines, we will encourage social distancing and wearing of masks by all. Within the lobby, floor markers will help you maintain the recommended 6-foot physical distancing. In addition, we will be limiting the number of members in our lobby, so please understand that during peak times, you may be asked to wait outside until it is safe for you to enter.

We would also like members to call ahead and schedule an appointment for any non-standard teller transaction such as a new member application, loan application, or notary service. This will help us better manage the number of people in the lobby.

Please keep in mind that we provide several options to help you transact safely and with minimal contact. These options include: our Drive-Thru, secure Night Deposit Box, and two 24-hour ATMs. Also, with other services such as Online Banking, Lesco's Mobile App, Bill Pay, and Telephone Banking, you can transact at your convenience. If any of these services are new to you, we will be happy to assist you.

I sincerely want to thank you for your patience and understanding over the past few months as we have all adjusted to the many changes in how we do business. We appreciate your membership at Lesco and know that we are committed to providing the best financial service and support to our members.

Thank you,
Neal Fenton
CEO
Lesco Federal Credit Union
